

Conduit transition fitting for flexible corrugated plastic (KRFG) conduits

Conduit transition fitting M20/25

- For both conduit sizes

Article no:	4530
E-No:	126589052
EAN:	7611614222738
Length	61 mm
Width	78 mm
Height	75 mm
Combination conduit entries M20/25	1
Number of nails	2
Dispatch	50

The transition fitting for KRFG conduits accepts either an M20 or an M25 conduit (in the same entry) and anchors it securely against being pulled out. When inserting conduits into the fitting from beneath the ceiling, the non-concentric entry hole for the M20 conduit enables conduits of both sizes - M20 or M25 - to be kept close to the wall as they enter the fitting.

- Only one article (item) for conduit sizes M20/M25 - flush-mounted / surface-mounted
- Optimal in the case of heavy reinforcement
- Wall-mounted conduits - either M20 or M25 - can be inserted without an offset from the wall
